Dear Mr. Clinger:

I would like to thank you for the opportunity of meeting with you beforehand to explain our position with regard to protecting the intelligence equities in this issue. In addition, we appreciated the excellent support from your other Republican colleagues and the Minority Staff at Thursday's hearing. You may be assured that we are fully committed to doing whatever is necessary to protect our intelligence sources and methods. Again, thank you for your support.

Sincerely,

John N. McMahon
Executive Director
